USER FAQ

Is the selling price listed final and non-negotiable?

No, the selling price is the expected price from the seller. However, you can make an offer by messaging the Antbuildz team on the platform. The Antbuildz team will provide you with the best price based on the seller's expectations.

Does the listing selling price include delivery?

No, the selling price does not include delivery, as the delivery cost can vary based on the location. The selling price is based on ex-work terms. The Antbuildz team will arrange and confirm the delivery if the buyer requires delivery service, including overseas delivery.

Does the listing selling price include any taxes?

No, the selling price does not include any taxes. Taxes will be included depending on the country's regulations. For example, anything sold in Singapore will include the GST.

Are there any warranties or guarantees on the equipment purchased through Antbuildz.com?

Yes, there are warranties and guarantees on the equipment purchased through Antbuildz.com. The equipment purchase will have a 2-week equipment warranty on equipment functionality, subject to agreed-upon conditions. For newly purchased equipment, there will be a manufacturer's warranty subject to terms and conditions.

How can I be assured of the good quality of equipment from Antbuildz.com?

The equipment listed will be clearly indicated with its condition and sold in its existing condition. You may arrange an on-site inspection to ensure the quality is within your expectations. On top of that, You may request additional refurbishment to meet your requirements by contacting the Antbuildz.com team for special requests.
